

## ***Breast Cancer Awareness***

In an effort to provide some relief to those courageous women recovering from breast cancer, *American Discount Pharmacy* will provide free generic Arimidex 1mg (Anastrozole) for up to 90 tablets at a time for the duration of drug therapy. Prescriptions may be picked up locally in Immokalee or mailed directly to your home with a tracking number for a flat \$5 fee. Please, call the pharmacy to set up your account at (239) 658-6123. This is our way of reducing the burden for those dealing with financial and health issues and honoring the women for whom our families love and depend.
